

Head Start Routes (Aug. 1958)

The Head Start program of the late-1950s exercised airborne alert operations that later evolved into the Chrome Dome program. The Head Start route for August 1958 brought nuclear-armed bombers over Greenland. Route B would be used if no refueling tanker was available.

History, 42d Bomb Wing (Heavy), March 1957-
December 1958. K-WG-42-HI. AFHRC.
